RESEARCH INTERESTS

Collections-based research; evolution of ferns and lycophytes; phylogenomics; systematics; taxonomy; floristics; biogeography; polyploidy and hybridization; macroevolution; biodiversity informatics; alpine floras; rare species

EDUCATION

- 2018** **Ph.D. Plant Biology**, University of Vermont, Burlington, VT, USA
Dissertation: “Devonian origin and Cenozoic radiation in the clubmosses (Lycopodiaceae)”
Major Professor: Dr. David Barrington
- 2012** **B.A. Biology** (Magna Cum Laude), Colgate University, Hamilton, NY, USA
Honors thesis: “Climate change and rarity in the hart’s-tongue fern (*Asplenium scolopendrium*)”

RESEARCH APPOINTMENTS

- 2020–*** **Postdoctoral Research Associate**, University of Gothenburg, Gothenburg, Sweden
Principal Project: “Integrating specimen data and artificial intelligence to predict extinction risk for the imperiled flora of Hispaniola”
Supervisor: Dr. Alexandre Antonelli
*Start date: October, 2020
- 2020–** **Research Affiliate**, Botanical Research Institute of Texas, Fort Worth, TX, USA
Principal projects: Evolution and patterns of endemism in Andean ferns, floristics of Colombia
- 2018–2020** **Postdoctoral Research Associate**, University of Florida, Gainesville, FL, USA
Principal project: “Building a comprehensive evolutionary history of flagellate plants”
Supervisor: Dr. Emily Sessa
- 2018–2020** **Research Affiliate**, Florida Museum of Natural History, Gainesville, FL, USA
Principal projects: Flora of the Greater Antilles, floristics of Southeastern USA, fern taxonomy
- 2013–2017** **NSF Graduate Research Fellow**, University of Vermont, Burlington, VT, USA
Principal project: “Hybridization and polyploidy as drivers of species diversification and niche evolution during rapid radiations”
Supervisor: Dr. David Barrington

GRANTS & AWARDS

2020	IAPT Research Grant , International Association of Plant Taxonomists (\$1100)
2016	NSF Doctoral Dissertation Improvement Grant , National Science Foundation (\$18,526)
2015	Graduate Student Research Award , American Society of Plant Taxonomists (\$800)
2015	Graduate Research Award , New England Botanical Club (\$585)
2014	Huyck Research Grant , Edmund Niles Huyck Biological Station (\$1420)
2013	CALS Travel Grant , University of Vermont (\$800)
2013	Huyck Research Grant , Edmund Niles Huyck Biological Station (\$1733)
2013	NSF Graduate Research Fellowship , National Science Foundation (\$94,000)
2012	Huyck Research Grant , Edmund Niles Huyck Biological Station (\$1300)
2012	Edgar T. Wherry Award , Botanical Society of America
2012	Young Botanist Award , Botanical Society of America
2011	Summer Research Assistantship Grant , Colgate University (\$4000)
2011	George E. Stevenson Award for Expository Speaking , Colgate University
2010	Summer Research Assistantship Grant , Colgate University (\$2800)
2010	Undergraduate Student Research Award , Botanical Society of America

PRESENTATIONS

Invited Talks:

- | | |
|------|---|
| 2020 | ‘Biodiversity Synthesis’ colloquium - Botany 2020 (Virtual Meeting)
<i>FronDS in high places: large-scale integrative analyses explain global patterns of fern diversity</i> |
| 2020 | Biological Sciences seminar series - Universidad Autónoma de Santo Domingo (Dominican Republic)
<i>Situación actual del estudio de los helechos en La Española: avances y retos</i> |
| 2019 | IAPT Early Career Investigator Symposium: Life at the Edge - Botany 2019 (Tucson, AZ)
<i>Into the trees and back again: major ecological shifts drive the radiation of Neotropical <i>Phlegmariurus</i></i> |
| 2019 | Natural History seminar series - Florida Museum of Natural History (Gainesville, FL)
<i>Out of the Carboniferous and up the Andes: unraveling the ancient origin and recent radiation of the clubmosses.</i> |

PRESENTATIONS

Invited Talks:

- 2018 Biological Sciences seminar series - Universidad Autónoma de Santo Domingo (Dominican Republic)
Diversidad de helechos en la República Dominicana y su estado de conservación
- 2018 'Diversity of Andean Ferns' symposium - XII Congreso Latinoamericano de Botánica (Ecuador)
Diversidad y taxonomía de los licopodios andinos
- 2018 Harvard University Herbaria seminar series - Harvard University (Cambridge, MA)
Diversification of the clubmosses in the high Andes
- 2017 IX Congreso Colombiano de Botánica - Universidad Pedagógica de Tunja (Colombia)
Diversificación de Phlegmariurus (Lycopodiaceae) en los Andes
- 2016 XX Congreso Mexicano de Botánica - Universidad Autónoma de México (Mexico)
Filogenia y diversificación de Phlegmariurus (Lycopodiaceae) y las afinidades de las especies mexicanas
- 2015 Biology seminar series - Zurich Institute of Systematic Botany (Switzerland)
A new look at diversification in the ferns

Contributed Talks:

**Denotes presenting authorship*

- 2020 Botany 2020 (Virtual meeting) - *Pheromones largely control sex expression in ferns: a meta-analysis of fern mating via antheridiogens*
- 2019 Botany 2019 (Tucson, AZ) - *Cleaning up (some) of a mess: two new genera and another resurrected in the Polypodiaceae subfamily Microsoroideae**
- 2019 Botany 2019 (Tucson, AZ) - *Morphology and sequence data resolve the Diplazium praestans mystery*
- 2019 Botany 2019 (Tucson, AZ) - *Evolutionary history of Asplenium in Africa*
- 2019 Botany 2019 (Tucson, AZ) - *Global patterns of fern diversification*
- 2018 Botany 2018 (Rochester, MN) - *Phylogenetic systematics, morphological evolution, and natural groups in Neotropical Phlegmariurus (Lycopodiaceae)**
- 2018 Botany 2018 (Rochester, MN) - *Are rates of species diversification and body size evolution coupled in the ferns?*
- 2018 Botany 2018 (Rochester, MN) - *Historical biogeography of the fern family Blechnaceae*
- 2018 Botany 2018 (Rochester, MN) - *The rise of the Andes promoted rapid diversification in Neotropical Phlegmariurus (Lycopodiaceae)**
- 2018 Building Bridges Botanical Conference (Havana, Cuba) - *Nuevos conceptos en la taxonomía de los licopodios y la importancia de los jardines botánicos en su conservación**
- 2017 Botany 2017 (Savannah, GA) - *Polyploidy does not influence rates of diversification across the fern phylogeny**
- 2015 Next Generation Pteridology (Washington, DC) - *Do habitat shifts lead to an increase in diversification rate in the Dryopteridaceae?*
- 2015 Next Generation Pteridology (Washington, DC) - *Molecular and morphological systematics of the Lycopodiaceae subfamily Huperzioidae: a case for the genera Huperzia, Phlegmariurus, and Phylloglossum*
- 2015 Next Generation Pteridology (Washington, DC) - *Biogeographic patterns and processes of speciation in the Polypodiaceae**

PRESENTATIONS

Contributed Talks:

**Denotes presenting authorship*

- 2015 Next Generation Pteridology (Washington, DC) - *A new look at diversification in the ferns**
- 2014 Botany 2014 (Boise, ID) - *Exploring patterns of sex-biased hybridization in the North American wood ferns: insights from gametophyte breeding systems**
- 2014 Botany 2014 (Boise, ID) - *Fern hemiepiphytes: a bridge between terrestrial and epiphytic species?*
- 2014 Botany 2014 (Boise, ID) - *Mating systems in ferns: frequencies, functional significance, and phylogenetic signal*
- 2013 Botany 2013 (New Orleans, LA) - *Allelopathy and gametophyte competition in North American Polypodium species: ecological and evolutionary considerations**
- 2011 XVIII International Botanical Congress (Australia) - *Gametophyte ecology of the hart's-tongue fern**
- 2011 National Undergraduate Research Conference (Ithaca, NY) - *Ecology and conservation of the American hart's-tongue fern**

TEACHING

- 2019 **Invited Faculty:** *Tropical Ferns and Lycophytes*
Organization for Tropical Studies, Costa Rica
Assisted in course coordination, field-based portion of course, gave lectures on plant morphology, ecology, and systematics. (Graduate course; two weeks)
- 2019 **Instructor:** *Taxonomía e Identificación de los Helechos de la República Dominicana*
Universidad Autónoma de Santo Domingo, Dominican Republic
Developed course syllabus, led field-based short course for local university students in fern identification, morphology, taxonomy, and ecology. Course in Spanish. (Undergraduate course; one week)
- 2018 **Instructor:** *Local Flora of North Florida*
University of Florida, USA
Developed course syllabus, created class plans, taught lab- and field-based classes in plant identification and taxonomy, administered quizzes and exams, grading. (Undergraduate course; one semester)
- 2017 **Instructor:** *Morfología y Sistemática de los Helechos Neotropicales*
Universidad Pedagógica y Tecnológica, Colombia
Organized group workshops and field lab sessions; instructed students on plant morphology and identification of tropical ferns and lycophytes. Course in Spanish. (Graduate course, one week)
- 2017 **Teaching Assistant:** *Tropical Plant Systematics*
University of Vermont, USA (course offered in Costa Rica)
Organized group field trips, taught plant systematics, species and family identification, and herbarium specimen collection. (Undergraduate course, two weeks)
- 2013–2016 **Teaching Assistant:** *Plant Systematics*
University of Vermont, USA
Organized and conducted field trips, developed lab curriculum, taught plant systematics and morphology, administered and graded assignments. (Undergraduate course, 5 semesters total)
- 2015 **Invited Faculty:** *Tropical Ecology in a Changing World*
Organization for Tropical Studies, Costa Rica
Developed and lead two field-based research projects with twelve students; gave lectures on plant diversity and global climate change. (Undergraduate course, one week)

TEACHING

- 2015 **Teaching Assistant:** *Tropical Ferns and Lycophytes*
Organization for Tropical Studies, Costa Rica
Assisted in course coordination, field-based portion of course, gave lectures on plant morphology, ecology, and systematics. (Graduate course; two weeks)
- 2014 **Guest Lecturer:** *LANDS Semester - Natural History*
University of Vermont, USA
Developed and led field-based classes on plant diversity, ecology, and conservation (Undergraduate course, 3 lectures)
- 2013 **Teaching Assistant:** *Morphology and Evolution of Vascular Plants*
University of Vermont, USA
Developed lab modules for studying plant morphology, instructed students in histological techniques and microscopy, gave lectures on plant morphology and evolution. (Undergraduate course, 1 semester)

STUDENT MENTORSHIP

- 2020– **Master’s Co-Advisor,** Susana Vega
Universidad de Antioquia, Colombia
Dissertation: “Systematics and taxonomy of the genus *Selaginella* in Antioquia, Colombia”
- 2019– **Ph.D. Advisor,** Sonia Molino
Universidad Complutense de Madrid, Spain
Dissertation: “Taxonomy, phylogeny, and historical biogeography of the genus *Parablechnum*”
- 2020– **Master’s Co-Advisor,** Francis Gruillon
Universidad Autónoma de Santo Domingo, Dominican Republic
Dissertation: “Diversity of vascular plant epiphytes in the valley of Manabao, Dominican Republic”
- 2018– **Mentor,** Lindsey Riibe (Ph.D. Student, Sessa Lab)
University of Florida, USA
Dissertation: “Evolution of the fern genus *Polystichum* in the Greater Antilles”
- 2018–2020 **Mentor,** Jacob Ewert (Undergraduate student)
University of Florida, USA
Research project: “Ecophysiological consequences of selfing in the fern *Pleopeltis michauxiana*”
- 2013–2015 **Mentor,** Matt Grasso (Undergraduate student)
University of Vermont, USA
Research project: “Gametophyte competition and allelopathy in a polyploid fern complex”

FIELD & HERBARIUM WORK

Field Work:

Alabama, USA (2010, 2014); Armenia (2016); Austria (2018); Canada (2013, 2015); Colombia (2015, 2016, 2017, 2018); Costa Rica (2010–2015, 2017, 2019); Cuba (2018); Dominican Republic (2018, 2019); Ecuador (2018); El Salvador (2016); Florida, USA (2017–2020); Guatemala (2016, 2017); Italy (2018); Mexico (2014, 2015, 2016, 2017); New Mexico, USA (2020); Nicaragua (2016, 2017); Panama (2016, 2017); Switzerland (2015, 2018); Vermont, USA (2012–2018). **Number of collections:** 2755 (total number of duplicates = ~11,600)

Herbarium Work: (Herbarium Acronym - est. # of specimens annotated)

(ALA - 200); (COL - 1100); (CR - 220); (FLAS - 1950); (GH - 900); (HAJB - 150); (HUA - 1450); (HULE - 120); (JBSD - 550); (MICH - 200); (MEXU - 150); (MO - 300); (NY - 700); (US - 400); (VT - 4200); (WTU - 200).

Total number of specimens annotated (from bionomia.net): 26,570

SERVICE & OUTREACH

Editorial Service:

- 2020– **Associate Editor**, *American Fern Journal*
- 2020– **Associate Editor**, *Lilloa*
- 2018–2020 **Review Editor**, *Frontiers in Plant Sciences*

Manuscript Review:

Acta Botánica Mexicana, Acta Physiologiae Plantarum, American Fern Journal, American Journal of Botany, Annals of Botany, Annals of the Missouri Botanical Garden, Botany, Brittonia, Canadian Journal of Botany, Diversity and Distributions, Evolution, Functional Ecology, Genome Biology and Evolution, Global and Planetary Change, International Journal of Plant Sciences, Journal of Biogeography, Molecular Biology and Evolution, Nature, New Phytologist, New Zealand Journal of Botany, Nordic Journal of Botany, Oecologia, Phytokeys, Phytotaxa, PLoS One, Proceedings B, Revista Mexicana de Biodiversidad, Rodriguesia, Science, Systematic Botany, Taxon, Tropical Conservation Science

Professional Society Membership:

American Fern Society, American Society of Plant Taxonomists, Asociación Latinoamericana de Pteridología, Botanical Society of America, International Association of Plant Taxonomists, New England Botanical Club, Torrey Botanical Society

Additional Service & Outreach:

- 2020 **Student Grant Reviewer**, *American Society of Plant Taxonomists*
- 2020 **NSF Graduate Research Fellowship Program Mentor**, *Botanical Society of America*
- 2019– **Council Member and Webmaster**, *American Fern Society*
- 2019 **‘Science Day’ Panelist**, *East Side High School, Gainesville, FL, USA*
- 2019 **‘Day in the Lab’ Event**, *University of Florida (visiting high school students from Colombia)*
- 2019 **Colloquium Organizer**, *“Reticulate Evolution and Biogeography in Ferns and Lycophytes” - Botany 2019*
- 2019–2020 **Postdoc Representative**, *University of Florida Biology Mentorship Committee*
- 2018 **Grant Reviewer**, *Czech Science Foundation*
- 2015– **Column Contributor**, *Fiddlehead Forum (Newsletter of American Fern Society)*
- 2011–2015 **Project Mentor**, *Botanical Society of America ‘PlantingScience’ high school outreach program*

PRESS & SCIENCE COMMUNICATION

- 2020 Press for “New Guinea has the world’s richest island flora” (paper #33 in ‘Publications’) ([Link here](#))
- 2019 Press for “The rise of the Andes promoted rapid diversification in Neotropical *Phlegmariurus* (Lycopodiaceae)” (paper #27 in ‘Publications’) ([Link here](#))
- 2019 Interview on fern and lycophyte diversity for *In Defense of Plants* Podcast ([Link here](#))
